

PROXIMITY DATA CENTRES

EDGE 7 SWINDON

Proximity Edge 7 at Swindon is very well positioned to serve businesses on the M4 corridor. It is the ideal solution for companies seeking to escape the congested data centre conurbations of Slough and West London.

The data centre is very close to the major R&D hub at Harwell which is home to many research organisations in biotech, genome and space-tech. Edge 7 is also ideal for businesses based in Bristol.

Edge 7 has excellent road and rail infrastructure with easy access to the digital fibre routes connecting London to Ireland and the USA. Certified to Tier 3 by the Uptime institute it has an award winning data centre design. The site also benefits from the highest levels of security.

All of our data centres come with simple contracting and full UK-based support, transition and onboarding to make sure your data operations keep running smoothly.

EDGE 7 SWINDON

Site Space

The data facility is built to the highest standards with an area of 89,000 square feet (8,300 square metres). The 24/7 site has capacity for up to 2,000 racks of IT equipment and meets the most demanding levels of data centre accreditation.

Power

Edge 7 benefits from 7 MW of power availability with the ability to expand up to 14 MW. It has outstanding environmental and sustainability credentials. As a certified tier 3 data centre it has full backup of generators and UPS for complete peace of mind.

Connectivity

Edge 7 has a wide range of connectivity providers and the site benefits from multiple points of entry from fibre providers. It is also very close to the major fibre routes between London, Ireland and the USA.

Security

Highest levels of security available with 24/7 guards. Full CCTV coverage with night vision and motion detection.

Certification Standards

- > ISO 9001
- > ISO 14001
- > ISO 27001

Edge 7 is ideally located for businesses which need colocation services along the M4 corridor. The award winning design makes the site one of the most efficient in terms of power and cooling in the UK.
