

PROXIMITY DATA CENTRES

EDGE 2 LEEDS

Proximity operates a rapidly growing network of regional edge data centres which allow clients to locate their data services close to local markets.

The data centres are built to the highest standards and offer world class colocation facilities with great connectivity options. All of our data centres come with simple contracting and full UK-based support, transition and onboarding to make sure your data operations keep running smoothly.

Proximity Edge 2 Leeds is ideally positioned to serve businesses in Leeds and Yorkshire with easy access to the M1 & M62. This highly secure site was acquired by Proximity in 2020 and offers colocation services to a wide range of clients in the North of the UK. Powered by 100% renewable energy with wide connectivity choices it is the best colocation data centre in the region.
