

PROXIMITY DATA CENTRES

EDGE 6 RUGBY

Proximity operates a rapidly growing network of regional edge data centres which allow clients to locate their data services close to local markets.

The data centres are built to the highest standards and offer world class colocation facilities with great connectivity options.

All of our data centres come with simple contracting and full UK-based support, transition services and onboarding to make sure your data operations keep running smoothly.

The Proximity Rugby data centre delivers secure edge data hosting with fast connectivity, low latency and reduced transit costs for the Midlands.

Edge 6 is easily accessible from the M1 and M6, has excellent colocation services, and offers secure business recovery services.
